

CONSULTANT | PROGRAMME AND STAKEHOLDER MANAGEMENT (F/M/D)

Who we are

The International Data Spaces Association (IDSA) was founded jointly by industry, politics and research and sets a standard for the trustworthy and self-determined exchange of data with the IDS architecture - the standard for data sovereignty. More than 100 companies and research institutions from more than 20 countries are working on standardization, adaptation of the technology and operational concepts for a sovereign data exchange infrastructure. The IDSA office is growing in this context and needs digital enthusiasts to write another chapter in the history of data management.

We would like to get to know you and would like to work with you in the area of

Consultant | Programme and Stakeholder Management (f/m/d)

for the IDSA office in Dortmund, Germany. The position is for the time being limited to 2 years.

Your tasks

- » Your task is to develop new or take care of existing stakeholder networks on data-driven ecosystems and platform economy and create and manage related programmes.
- » As part of the head office, you are a creative thinker, an IDS evangelist, and a team player.
- » You will be involved in industry-driven projects, European research projects and political-strategic projects.
- » With your expertise at the interface between digital experts and technology marketing, you will position the IDSA in business, in national and European politics and in global initiatives.
- » You will be in constant contact with our member companies, project partners, research institutions and associations.

Your profile

- » Studies in political and social sciences, law, industrial engineering, economics, business informatics or similar.
- » At least 2 years professional experience with focus on IT consulting, IT architecture, business development, innovation management, project management or organizational consulting.
- » High interest in consulting on specialist topics such as industry 4.0, data management, IoT and pronounced IT/technology affinity.
- » Conversational English skills, confident handling of MS-Office applications and willingness to travel (our partners are primarily distributed throughout Europe).
- » Open for agile innovation methods.

We offer

Are you looking for variety instead of everyday routine? Team spirit instead of rigid hierarchies? Colleagues who are just as interested in digital as you are? Then we offer you a working environment in an association that works agilely like a start-up, but is involved in exciting and influential projects such as a corporate group and helps shape them. We offer exciting responsible tasks, flexibility, a huge network of experts and international perspectives. Your location could be anywhere in Europe. Dortmund, Berlin and Brussels should be easy to reach. It is expected to be in the Dortmund based Head Office for two days every second week.

Contact

We look forward to receiving your application, stating the earliest possible starting date and your salary expectations. Please send your application to Susanne Immel (susanne.immel@internationaldataspaces.org). Questions will be answered by Thorsten Huelsmann (thorsten.huelsmann@internationaldataspaces.org).
